

MOTH WORLDS 2024

MEASURING

Competitors should ensure they are fully familiar with the event NOR and any amendments that may have been issued. (See link below)

<https://www.manlysailingclub.org.nz/offical-noticeboard.html>

IT IS STRONGLY RECOMMENDED THAT ALL COMPETITORS ARRIVE WITH ALL EQUIPMENT/SAILS ETC, FULLY CLASS LEGAL AND WITH A VALID MEASUREMENT CERTIFICATE, WHICH WILL BE REQUIRED TO BE PRESENTED BY EMAIL (PREFERRED) OR AT REGISTRATION.

Email your scanned measurement certificate to mothworlds24@manlysailingclub.org.nz

At this stage, it is the intention to have a Class measurer available at the Manly Sailing Club from around the 27th December 2024 to offer measuring to any competitor who needs it but priority will be given to those boats who have had no opportunity at all to get their boat measured (i.e a new boat built in NZ for the event).

IMPORTANT – There will be a fee payable to the measurer at the time of measuring, which will cover costs associated with materials needed to make measuring possible. More details will be posted before the event of how much and how and when to pay.

Measuring will most likely take place in the tent that is situated in the rigging area (Boat Park 2) on the South side of Laurence St. This also, will be confirmed closer to the event.

PLEASE CHECK BACK REGULARLY TO GET ANY UPDATED INFORMATION ON MEASURING.
